REDCap

REDCap (Research Electronic Data Capture) is a secure web platform for building and managing online databases and surveys.

REDCap's streamlined process for rapidly creating and designing projects offers a vast array of tools that can be tailored to virtually any data collection strategy.

REDCap project request form: https://redcap.link/redcaprequest

Cost:

	*Cost/year/project	Consultation/service hour
Lundquist investigator	$150	1st hour free, then $75/hr
Non-Lundquist investigator	$300	1st hour free, then $150/hr

*Cost of project per year start from REDCap project request initiation (minimum charge of 1 year per project and increment by year applies) to cover costs such as data backup and storage, hardware/software upgrade, Application maintenance, request review, user maintenance, project modification review/approve, invoice, project archive/deletion and other basic CTSI staff support. Cost will be $150 or $300 x years before project deletion.

The following services will be charged at hourly rate. Services include (but are not limited to):

• Form development or assistance with REDCap projects;

• Project builds and configuration services

• Assistance with complex branching logic or calculations

• Survey configuration

• Hands-on user training

• Customized reports

• Project-specific extension, plug-ins, hooks, or customizations

• Project restore

• Any other REDCap task that requires intervention by CTSI staff.

• Any Large project consuming more than 2000MB of data may incur data overage fees.

Investigators can also apply for CTSI voucher. Please contact CTSI office ctsioffice@lundquist.org for more information.
